WORK EXPERIENCE / INTERNSHIPS

HR & Organizational Psychology Intern | Genpact June 2025 – August 2025 | Gurugram, India

- Assisted in designing a corporate employee mental wellness program across 3 business units (serving 800+ employees).
- Analyzed annual engagement survey data using SPSS, identifying key drivers of attrition and presenting actionable HR recommendations.
- Facilitated 12 onboarding orientation sessions for campus hires, focusing on psychological safety and corporate culture.

KEY PROJECTS & RESEARCH

Impact of Hybrid Work Models on Employee Burnout & Productivity [Quantitative Survey, Regression Analysis (SPSS)]

- Authored a Master's thesis analyzing responses from 250 mid-level corporate IT professionals in India.
- Found significant correlation ($r = 0.62$) between perceived organizational support and reduced burnout scores.
